

Google Data Protection Terms - Service Information

Controller Services

The following Google services are subject to the Google Controller-Controller Data Protection Terms:

- **Google Maps APIs**
- **Google Play**
- **NotebookLM Plus for Workspace Service Data**
- **Subscribe with Google**
- **Waze APIs and SDKs**
- **Waze Carpool**

Google may update this list from time to time, subject to the terms of the Google Controller-Controller Data Protection Terms.

Data Processing Services

The following Google services are subject to the Google Data Processing Addendum. These Google services may process the types of personal data described below (depending on the specific Processor Services provided under the relevant Agreement).

Processor Service	Types of Personal Data
Android Recognition Service API	Data relating to individuals provided to Google via the service by (or at the direction of) Customer, including through voice queries and transcripts of voice queries.
Google Voice Starter	Data submitted, stored, sent or received via Google Voice Starter by Customer when using Google Voice Starter for business purposes.
Google Workspace Individual	Data submitted, stored, sent or received via GWI Products (as defined at https://workspace.google.com/terms/google-workspace-individual-terms/index.html) by Customer when using those products other than for purely personal or household activities.

Processor Service	Types of Personal Data
Google Workspace Personal	Data submitted, stored, sent or received via WP Products (as defined at https://workspace.google.com/terms/workspace-personal-terms/) by Customer when using those products for business purposes (or any activities other than purely personal or household activities).
Gemini API Paid Services	Personal data processed by Gemini API Paid Services in submitted prompts and responses to those prompts.
NotebookLM Plus for Workspace Accounts	Personal data processed by NotebookLM Plus, which includes contents of users' imported files, prompts, or responses (e.g., Audio Overviews).
Subscribe with Google	Data relating to individuals provided to Google via the service by (or at the direction of) Publisher, relating to articles read on Publisher's site(s).
Digitisation Services	Data relating to individuals provided to Google by, or on behalf of, the Customer in connection with the Agreement, including any Personal Data contained in the Manifest and the Licensed Content.
RCS chats services (if RCS is offered to users under Company	Data related to individuals that is processed by Google on behalf of Company in Google's provision of the Processor Service under the Agreement (e.g.,

Processor Service	Types of Personal Data
terms of service)	MSISDN, IMSI availability, messaging timestamps)
RCS Business Messaging services	Data related to individuals that is processed by Google on behalf of Company in Google’s provision of the Processor Service under the Agreement (e.g., phone numbers, messaging timestamps)

Google may update this list from time to time subject to the terms of the Google Data Processing Terms and/or to reflect changes to the types of personal data handled by the Processor Services.

Subprocessor Data Protection Addendum

The following Google services will be “Google Processor Products” for purposes of the Subprocessor Data Protection Addendum:

- **Android Management API**
- **Managed Google Play**

Google may update this list from time to time subject to the terms of the Subprocessor Data Protection Addendum.
